2024 Youth Advisory Board

LEADERSHIP SUMMIT

June 12-13, 2024

The Leadership Summit aims to empower young individuals by refining their leadership skills, improving public speaking abilities, and fostering professional development and knowledge.

As part of this year's Summit, youth participants are invited to join the Speakers Bureau, a platform for individuals with lived experience to share their unique perspective of the child welfare system in Pennsylvania through committees, workgroups, speaking engagements, trainings, and panel presentations.

If you know of a youth/young adult aged 14 to 26 who might be interested in joining the Speakers Bureau, please direct them to apply through the following link:

Speakers Bureau Online Application
